Kaunas, Lithuania | Email | Phone | LinkedIn | GitHub | Website

#### About

Dedicated Data Analyst/Scientist with a Bachelor's in Computer Science, currently pursuing a Master's in Data Science and Artificial Intelligence. Experienced in data analysis, artificial intelligence, machine learning, visualization, and automation. Proven track record in optimizing workflows and improving operational efficiency through data-driven decision making. Skilled in SQL, Python, R, and Power BI.

## **Education**

Kaunas University of Technology, MSc in Data Science and Artificial Intelligence	Sept 2024 – Feb 2026
Kaunas University of Technology, BS in Computer Science	Sept 2020 – July 2024

## **Experience**

#### AI & Automation Workflow Specialist, 1man.ai – Kaunas, Lithuania

Dec 2024 - March 2025

- Designed and implemented AI-driven automation workflows using no code platforms.
- Developed and optimized integrations that enhance operational scalability.
- Tested and validated workflows, ensuring seamless functionality.

IT Support Specialist, Basic Economy sp Z.o.o – Kielce, Poland

Aug 2024 - Oct 2024

- Integrated an automation system improving efficiency by 50
- Developed and implemented automation solutions leveraging Google Workspace tools.
- Data effectively managed to streamline workflows and reduce manual intervention.

Android developer Intern, Basic Economy sp Z.o.o - Kielce, Poland

Mar 2024 - Aug 2024

- Built data-driven mobile applications with personalized user experience.
- Implemented efficient data management systems using Kotlin and SQLite.

## **Projects**

- Conducted extensive data analysis and visualization projects using Python, R, Matlab and Excel.
- Created algorithms for data processing and concurrency optimization in Java and C#.
- Built dashboards for actionable insights that leverage Power BI.

## Technical skills

Languages: C++, C, Java, C#, SQL, Go, Kotlin, Python, R, Cuda, Matlab, PHP, HTML, CSS, XML

Tools & Technologies: .NET, Microsoft Excel, Tableau, Power BI, Git, Jira, Agile, Linux, Networking

Analytics & Visualization: Statistical Analysis, Data Cleaning, Data Visualization, Predictive Modeling

# **Soft Skills & Competencies**

Critical thinking and problem-solving | Communication and data storytelling | Attention to detail Adaptability and continuous learning

### **Certificates**

Bachelor of Computing Certificate Link | Business Analytics with Excel Certificate Link | Become a Data Analyst Certificate Link
